

SOCIAL **V**ALUE

A photograph of three diverse individuals—two women and one man—standing in front of a dark chalkboard. They are all smiling and looking upwards and to the right. The woman on the left is wearing a dark blazer over a light top. The woman in the center is wearing a white shirt and a light-colored scarf. The man on the right is wearing a yellow jacket over a white t-shirt and glasses. The overall mood is positive and aspirational.

ABOUT SOCIAL VALUE INTERNATIONAL

Social Value International is the global network focused on social impact and social value. Our members share a common goal: to change the way society accounts for value.

All too often key decisions about resources and policies are made using a limited economic concept of value, which fails to consider important effects on people and the environment. As the gap between rich and poor increases and the effects of climate change become more apparent, our work has never been more urgent.

Social Value International works with our members to embed core principles for social value measurement and analysis, to refine and share practice, and to build a powerful movement of like-minded people to influence policy.

This pioneering community contains members from 45 countries, drawn from a huge range of different sectors and disciplines. Our goal at Social Value International is to support, connect, and represent our members through training, knowledge-sharing and networking. Social Value International is much more than a professional network.

Together, we are building a movement for change.

Will You Join Us ?

BECOME A MEMBER OF SOCIAL VALUE INTERNATIONAL

Our Individual Membership is open for individuals across the world who are interested in joining the international network for social value and impact measurement and management.

Individual Membership is open to everyone regardless of where you are on your social value journey.

WHAT MEMBERSHIP WITH SOCIAL VALUE INTERNATIONAL CAN DO FOR YOU:
